

Erik C. Angle, RN

RECENT WORK EXPERIENCE:

2000-Current Fremont Rideout Health Group/Rideout E.R.

Currently employed as the EMS, Trauma and Emergency Management Coordinator for the Health Group and as an Emergency Department Supervisor. In this, I do training not only for the staff of the Emergency Department, the whole hospital group and EMS/First Responder personnel in the realm of Emergency Medical Systems, Trauma Management and Disaster Preparedness.

Total EMS and Haz Mat Experience in Years:

Received my first Hazmat training as an EMT and Emergency Department Lead Trauma Technician in 1994. Have continued to receive training for Hazmat since then, as well as providing the staff of the Fremont Rideout Health Group Hospitals Hazmat/WMD Decontamination Courses. Also responsible for designing the policies in the realm of Hazmat and Decontamination for our Emergency Department and facilities-wide.

TEACHING EXPERIENCE: Have been a trainer since 2005, some courses taught are listed below:

<u>Course Title</u>	<u>Description of Training Provided</u>
Biological/Chemical Terrorism	Methods of decontamination and treatment of biological/chemical casualties
This Bites!	Treatment for victims of snake, spider and other venomous animal bites and stings
